PRODUCT MANAGER | AI PRODUCT STRATEGY & NO-CODE PROTOTYPING

PROFESSIONAL SUMMARY

Integrated MBA candidate (International Business) specializing in AI Product Strategy, Growth Operations, and No-Code Prototyping. Skilled in translating customer pain points into actionable PRDs, executing AI-driven content workflows, and driving data-backed user acquisition. Proven track record in leading cross-functional teams, managing multi-platform growth, and delivering high-impact product case studies.

CORE COMPETENCIES & AI STACK

- Product Management: Product Strategy, PRD Writing, User Research, Competitive Analysis, Agile/Scrum, Wireframing.
- Growth & Analytics: Data Storytelling, User Activation, Content Strategy, Customer Personas, Market Segmentation.
- AI & Tech Stack: Claude, ChatPRD, Kimi AI, Granola, v0 by Vercel, Gamma, Linear, Jira, GitHub.

CONSULTING & PRODUCT PROJECTS

Uber Commute Lock | AI Product Strategy Case Study

- Identified recurring commuter pain points related to surge pricing and cancellations via user research and market analysis.
- Designed "Uber Commute Lock," a subscription MVP enabling recurring office commutes at predictable, locked pricing.
- Authored a complete Product Requirements Document (PRD) detailing user stories, feature prioritization, and KPIs.
- Proposed scalable system solutions for peak-hour demand forecasting and predictive ride allocation.
- Leveraged AI-assisted product workflows (ChatPRD, v0, Kimi) to reduce documentation effort by 20 hours.

PROFESSIONAL EXPERIENCE

Project Lead & Producer | Independent Media Project

- Led end-to-end planning, lifecycle management, and execution of a music project from concept to public launch.
- Formulated cross-platform digital growth strategy, resulting in a 40%+ increase in audience engagement.
- Coordinated stakeholder communications, production schedules, and cross-functional creative team milestones.

Web Content & Marketing Lead | Digital Platforms

- Developed data-backed content strategies, increasing digital user engagement by 25% through optimized posting schedules.
- Analyzed audience traffic metrics to identify behavior trends and refine growth pipelines.
- Administered digital content databases and platforms while maintaining consistent brand positioning.

Human Resources & Marketing Volunteer | Educational Initiatives

- Supported branding, marketing, and volunteer recruitment across educational development programs.
- Maintained operational databases and analyzed participation trends to optimize community outreach effectiveness.

LEADERSHIP & CO-CURRICULAR

Rotaract Club | Project Head

- Led a 30+ volunteer team to execute large-scale community events attended by over 1,000 participants.
- Managed project timelines, stakeholder coordination, and logistics while ensuring 100% target delivery.
